

Research Consent Form

Participation

I agree to participate in the study conducted by the UX Gesture Design Group under University of Washington's Human-Centered Design & Engineering Department. I understand that the purpose of the study is to measure the efficiency, effectiveness, and user satisfaction of the given interface.

Voluntary

I understand that participation in this usability study is voluntary. I agree to immediately raise any concerns or areas of discomfort during the session with the study administrator, and I have the right to refuse to answer any questions or quit the study at any time. The alternative is to not participate.

Payment

I understand that I will receive no compensation, monetary or otherwise, resulting from my participation in the study.

Multimedia

I understand that both audio and video will be recorded during the study. These multimedia recordings will be used for the purpose of data collection, to evaluate the results of the study, and to broadcast the methods and results of the study. I understand I have the right to refuse to either of these data-recording means.

Confidentiality

I understand that any audio or visual data recordings of me will not be confidential and may be shared with the public.

Authorization

Please sign below to indicate that you have read and you understand the information on this form and that any questions you might have about the session have been answered.
